WE NOMINATE

The dozen Princeton mothers—aided by literally scores of other deeply interested Princetonians—who through sheer hard work and dedication have made a remarkable "go" of one of this community's distinctive undertakings, the Youth Employment Service of Princeton, Inc. This past Tuesday, while 100's were converging upon Princeton for the dedication of The John Foster Dulles Library of Diplomatic History, YES was quietly observing the first anniversary of its founding, under the auspices of the Council of Community Services, as the first independent, non-profit organization in New Jersey to concern itself entirely with job opportunities for young men and women.

At the time of spring when the experts "guesstimate" that 3,500,000 American secondary school students ("one out of three who will find nothing at all") are seeking summer employment, the sponsors of YES can look back upon a singularly successful year-'round operation during which "551 boys and girls have registered with YES and 890 job orders have been placed." With the endorsement, and willing support, of schools, churches, service clubs and other civic organizations, YES has tailored the unusual human resources at its command to highly individualized needs or requests.

In its initial announcement, issued just a year ago, YES quite rightly concentrated its appeal to potential employers on the mundane, part-time positions generally open to youthful employees: "At home . . . or in your office, store, restaurant, plant or farm." The bulk of 'teen-age job opportunities understandably lie in such areas. Nevertheless, YES found little difficulty in finding "a photographer to take a picture once a month of twin boys," or "a musical accompanist for a family carol-sing at Christmastime," or "a magician for a local Church School program," or even a skilled driver to help "a young matron who had exhausted her husband's patience in qualifying for a driver's license."

The seed for a youth employment service, an idea often discussed in Princeton in the 1950's, was planted in the fall of 1960. Mrs. Dorothy Elizabeth Schoch, 43-year old mother of three, a member of the Princeton Township School Board, and this spring Acting President of the Council of Community Services, participated in a youth work-shop sponsored by the New Jersey Welfare Council. Shortly thereafter she arranged a meeting, involving representatives of the Princeton High School PTA, the YM-YWCA, the Princeton Council of Churches, the Chamber of Commerce and others, and out of this sprang the framework for YES.

A driving-force with Mrs. Schoch in the evolution of YES, currently operating on an annual budget of less than $600 and a model for the well-publicized youth bureau in near-by Morristown, has been the tireless Mrs. Geraldine Livingston Boone, Bennington '45, a former State Department employee, and the mother of five. Conspicuous among the YES volunteers, most of whom have given the equivalent of five 40-hour weeks in the past year, are Mesdames David Parnes, Courtland D. Perkins, Douglas H. Langston, Marver H. Bernstein, Milton S. Winters, Herbert W. Hobler, Lionel V. Silvester Jr., George J. Doyle, Robert F. Schwenker Jr., Wesley A. Konover, Shoichi Yochikawa.

For their deep concern for the well-being and development of young men and women between the ages of 14 and 20; for seeking to strengthen the relationship linking the maturing individual with his (or her) family, school and community; for adding a new dimension to education in a center of education and research; the above-named are TOWN TOPICS' nominees for

WEDDED AT LAST! **Red Cross-PUCF Unite.** Princeton's two largest fund-raising organizations, the Red Cross and the United Community Fund, have agreed to merge their public appeals for support.

The announcement of this saving of shoeleather, telephone calls and public patience was made at the Nassau Inn by Fred M. Blaicher, interim chairman of the groups' Joint Partnership Committee, which had worked for a year to iron out points of disagreement.

"It is something that many people have wanted to see happen for a long time," said George J. Adriance, president of the Princeton Area United Fund. "I think it's a big step and one that the community will welcome."

"I am amazed by the detail that has been covered by the Committee and by the effort that has been poured into this," said James Andrews, Red Cross campaign chairman "I hope that a matching effort will come from the people who carry through the campaign in the fall."

Apparently no one person was responsible for initiating the merger. "It was just one of those inevitable things."

commented Mrs. Geoffrey E. Sage, executive director of the Red Cross. However, Mr. Blaicher, a member of the Chapter board of the Red Cross and also a United Fund official, played a key role in the proceedings.

One Less Hat. To the nearly 1,400 volunteers who have worn two hats in the past, soliciting for the Red Cross in March and the United Fund in the fall, the merger will come as a sensible relief. The Red Cross annually sends out about 1,300 volunteers and the United Fund fields about 1,500. "About a 50 percent duplication of workers," said Mr. Blaicher. Their latest goals were $250,000 for the Fund and $42,700 for the Red Cross.

The Red Cross now has $39,000 toward its 1962 goal and has until December 31, to reach the total. It has made its quota every year, except once in the late '40's, and in 1961, it topped its quota by $150.

In late May, the Princeton Chapter will learn from national headquarters the amount which it is to pay into the national coffers.

The United Fund has an irregular record of success and misses in achieving its goals.

"The ultimate success of this project will be the close cooperation of boards and the committee which will be established," said William E. Coley, executive director of the Fund. "Lists of the United Fund contributors will be merged with Red Cross donor lists," he added.

Joint Rule Planned. The agreement between the Red Cross and the United Fund states that "there shall be a joint campaign committee which shall conduct the annual fund raising campaign and shall be responsible for determining fund-raising policies." The campaign committee will be made up of three members from each organization.

It will elect its own chairman and appoint the campaign chairman. Further, it will fix the date of the campaign, approve solicitation plans and determine the campaign expense budget. A further responsibility will be the handling of matters which may arise as to collections, administration and other questions.

The geographical areas served by the two groups do not coincide, and the Red Cross will conduct independent campaigns next March in communities like Allentown which will probably never come under the Fund's cloak.

The Red Cross' national headquarters assigns to each chapter the geographical area in which it is to operate.

A Hump to Hurdle. The Red Cross will solicit for anticipated needs for the fiscal year beginning June 1963 through this fall's combined drive with the United Fund. Supporters of the Red Cross and its many-faceted services will therefore be called upon to donate twice this year.

The members of the original study committee believe that the Princeton community will welcome the lessening of pleas for funds and that it will help the Red Cross over this hump caused by combining drives. The committee members were Jerald S. Hanks, Mrs. Carl Sjostrom and Paul C. Alford, Jr., of the Red Cross; Mr. Blaicher, Ralph S. Mason and Mrs. C. DuP. Donaldson from the United Fund.

"Finest Agreement." Mrs. Sage said that the National Red Cross had commented that the partnership agreement in Princeton "is the finest agreement on record of any chapter of the 17-state Eastern Area of the Red Cross."

The United Fund accepted every item in the fund-raising policy catalogue drawn up by the national Red Cross for its chapters, Mrs. Sage said.

Stroup, Borough superintendent of schools, reported this week "Things have been a little disappointing thus far."

About $13,000 is still needed for the Princeton High School Choir's hoped-for concert tour of Europe, England and Scotland which has evolved from invitations issued by 15 communities abroad.

Dr. Stroup said that the choir has on the hooks $12,000 raised here and that $10,000 is due from the State Department for the West Berlin concert. The goal has been revised slightly to meet insurance costs and because housing in Europe will prove to be more expensive than anticipated.

One hundred percent of the parents of choir members have supported the Choir Fund, Dr. Stroup said.

"The thing that excites me about this tour," he said, "is that Europeans will see a wonderful image of American youth in our youngsters. I know these boys and girls quite well—I've been along on some of their ventures.

"They're not like the teenagers in the Grade-B movies that give Europeans a bad impression of American young people. I think our youngsters will do a lot to counteract the terrible impact the movies made."

Drive Extended. A new committee has been formed by Gordon Waldron, general coordinator of the Fund drive, to contact business and industrial firms which are not members of the Chamber of Commerce. The committee includes Mrs. Jane B. Greene, Mrs. Walter Wagoner, Mrs. John H. Platten, Jr. and Mr. Waldron.

Some of the possible sources of major gifts have been contacted, Dr. Stroup stated. The Chamber of Commerce has sent letters to its membership soliciting gifts, and requests for support have been made to community service organizations.

Invitations are still pouring in to the Choir from all over Europe. Most recently, Thomas Hilbish, the director, has received a request from Mlle. Nadia Boulanger for the Choir to sing the Webern cantata at her school in Fontainbleau.

Mlle. Boulanger, who last year was a guest conductor of the New York Philharmonic, is known throughout the world as a most exacting and discriminating musician and teacher; her stamp of approval is a coveted honor.

ROUND-UP

For the first time in years, parking meter receipts are down sharply in the Borough . . . collections for the first four months of 1962 were $24,377 — some $6000 less than during the corresponding period a year ago.

Spring cleaners were warned this week by Police Chief Peter J. McCrohan not to rake garden debris and other forms of trash into the gutter, expecting the Borough to collect it . . . there is no such municipal service, and first offenders will receive a notice, to be followed by a summons for a second such violation.

Herbert F. Perks, 17, Mount Lucas Road, overturned on Poor Farm Road last week, but he and a passenger, Jack Leard, 16, 36 Moore Street, were unhurt . . . Perks told Township Police he stepped on the gas pedal instead of the brake as a car approached in the opposite direction . . . police summoned him for careless driving.

We were given some interesting results of research on whether the various additives available for your car's fuel and oil are worthwhile. The tests were conducted over a period of time in fleets of cars, including those that get such rough usage as police cars, and this is what the National Institute of Government Purchasing reports: Since use of automatic transmission additive began, transmission repairs were reduced more than 50%. With gasoline additives cars averaged from 1.4 to 2.2 more miles per gallon using regular-grade gas. And use of motor oil additive resulted in reduction of valve and crankcase sludge trouble. This seems to come from an unbiased source, so we felt it worth reporting for your information. Of course, there is no question but that proper and frequent lubrication by people who know how, with the latest lubricants and additives, will make the difference between a short and a long life for your car. As in all fields, when you seek out the firm who has proven by the record that they are more interested in your welfare than in a fast dollar, you are many dollars ahead. Please, may we serve you? LIBRARY DEDICATED

In Memory of Dulles. Paying tribute to the late John Foster Dulles for "his faith in internationational morality," former President Dwight D. Eisenhwer spoke Tuesday in the University Chapel at ceremonies dedicating the Library of Diplomatic History in memory of his Secretary of State.

Mr. Dulles had bequeathed to Princeton his personal papers, many of them relating to the years (1953-59) during which he had served as the chief member of the Eisenhower cabinet. Some 2000 people filled the Chapel to overflowing during the hour-long program.

"Every single member of this audience, and of all the United States, is in his debt," General Eisenhower declared. "This is a better world today because of him."

The crisis in Laos (much like that in Syria which in 1958 curtailed Mr. Dulles' plans to take part in his 50th reunion here) prevented Secretary of State Dean Rusk from attending. He telephoned a message, which President Goheen read, commenting that:

"Out of the papers stored in Princeton will come a picture of a dedicated man, deeply committed to the peace and well-being of his own country and deeply, as well, aware that the fate of his own country was linked to that of people in the remotest part of the world."

Dr. Goheen spoke of the new library's great value to Princeton, asserting that "it will serve not only as an enduring monument to the man, but as a living and working instrument." The library, a wing of Firestone, will be restricted in its use to scholars.

Others present for the occasion included Dr. Henry P. Van Dusen, president of Union Theological Seminary; Ambassador Arthur H. Dean, United States Delegate to the Geneva Disarmament Conference; Mrs. Janet Dulles, Mr. Dulles' widow; Allen W. Dulles, his brother and former CIA head; and Adlai E. Stevenson, '22, United States Representative at the UN.

"MANOR" SEEKS NEW SITE

In Montgomery. Princeton Manor House, a proposed garden-apartment for retired persons, is seeking permission from the Montgomery Township Zoning Board to erect a convalescent home and sanitarium with social facilities on land in the Bedens Brook area.

O. Kline Fulmer, architect for the project, presented the proposal to the board Monday night and will return for another hearing on May 31, to be held at 7:30 in the Orchard Road School. Opposition has already developed.

Previously, Princeton Manor had sought to build high-rise apartments in Hopewell Township, but residents of the Township protested and Princeton Manor withdrew.

Under the Montgomery Township zoning ordinance, permission can be granted to build the sanitarium facilities proposed by Princeton Manor. According to Mr. Fulmer's presentation to the Board, the revised Manor would have room for 38 patients in its medical care section, and would provide apartments for approximately 430 persons in the rest of the building.

Mr. Fulmer also told the Board that the $8 million project would pay about $100,000 in taxes annually to the Township.

Princeton Manor has an option to buy about 165 acres of land north of the Blawenburg-Hopewell Road near Hopewell and hopes to erect a 50-foot high structure. The apartments previously planned had been 90 feet in height.

At Monday's hearing, Theodore T. Tams, Jr., represented some 30 residents of the area who oppose construction.

STATION FILES IN COURT

To Protect Towers. Radio Station WHWH has received a temporary injunction from Superior Court to keep Hopewell Township from carrying out an order to tear down WHWH's new radio towers.

The Township has until this Thursday to show cause why the injunction should not be made permanent. The six towers are on the Nils Larsen farm, Mount Rose-Pennington Road.

The action followed the monthly meeting on May 8 of Hopewell Township Committee, at which a group of residents protested so vigorously against location of the radio station that Committee told the Township building inspec-

tor to revoke the building permit he had given WHWH and to tear down the six towers.

In commenting on Committee's order, Herbert W. Hobler, president of Nassau Broadcasting, owners of WHWH, said

"On March 20, we were granted a building permit for our towers and buildings, in an area which for 14 years has been zoned for radio towers and buildings."

After receiving the permit, Mr Hobler said, his firm told RCA to start building on April 18, hired a chief engineer and signed contracts totaling more than $100,000.

"We believe, "stated Mr. Hobler, 'that this action by the Township Committee as initiated by this group of residents is contrary to their own ordinances and is illegal."

Spokesman for the protestors at the Committee meeting was John Mauer, Van Kirk Road, Pennington, chairman of a new group called the Committee for the Preservation of Residental Zones in Hopewell Township

"There is no question that the unspoiled countryside of our residential areas has a particular attraction for all types of commercial and industrial enterprises," Mr. Mauer told Committee. "However, we do not want them scattered between our houses. This is why we have a zoning code, to protect us from the incursions of industry."

A fine-line interpretation of the Hopewell Township zoning ordinance seems to lie at the root of the problem. Mayor Lester Huff of Hopewell Township reminded Mr. Mauer's citizen's group at the May 8 meeting that the Township zoning code permits the building of radio towers for the transmitting and receiving of messages in a class A residential zone

The residents protested, however, that the towers would be used for transmitting commercial programs, and that this commercial use for entertainment purpnses was contrary to the spirit of the code. The zoning code was apparently drawn to accommodate the telephone long-lines installations in Hopewell Township, which are used only for transmitting and receiving messages.

One question is, "What is a 'message'" Is an advertisement, broadcast over a commercial station a "message" or isn't it?

Lights Are Mandatory. Another complaint raised by the residents concerned the red lights on the towers.

Mr. Hobler pointed out that the lights are required by Federal Aeronautics Association specifications to provide protection and identification for airplanes in the vicinity.

Mr. Mauer's committee is chiefly concerned, however, with what it regards as a "direct attack" on the zoning ordinance, and what it refers to as "the fait accompli of an erected structure."

Because no variance was apparently involved, Nassau Broadcasting was not required to serve property owners with legal notice of its intent to build, or to present its case before the zoning board it merely applied to the building inspector for a building permit.

"Not all of us, but some of us were aware that three properties in our area were owned by people in the broadcasting business," said Mr. Mauer.

"Our crew made its own work schedule including Saturdays and Sundays, and we knew of no complaints until this time," said Mr. Hobler. "As far as being 'open' about our plans, for three years or more, we and two other companies originally contesting for the station have all owned property

MANY HANDS WORK

For Ballet Society. Choreographers, technicians, musicians and scene painters are as important to the Princeton Ballet Society as the dancers who perform.

For "The Nutcracker" and "Corral," to be performed by the Society's 170 dancers and actors this Saturday at 8:30 and Sunday at 3 in McCarter, the group has engaged the services of experienced choreographers.

Peter Hamilton, choreographer for the last seven Triangle Club shows, has done "Corral." Mr. Hamilton has charted more than 50 television dance shows, the "Can-Can" revival starring Genevieve and the dances for his own touring troupe.

Audree Estey, Joyce Sichel and Margaret Lee Sinclair have done "The Nutcracker," repeating the team-work that has produced choreography for many other Ballet Society productions.

Mrs. Corson Cunningham and Mrs. Albert Cunningham are in charge of a costume committee consisting of 170 persons, each one the mother of a dancer. Mrs. George Barrie has designed "Nutcracker" costumes and Miss Marilyn Scasserra has designed for "Corral."

Music will be provided by Will Johnson, Doris Powell and Carol Hersh. Robert Wadsworth, class of '62 member of Triangle, is production stage manager, assisted by William Wolfe, '65, in charge of sets and David Goodrich, '63, lights.

THREE PLAYS PLANNED

For Reunion Weekend. "Passion, Poison and Putrification," the wild farce by Bernard Shaw, will lead a program of three plays to be given June 8 and 9 in Murray Theatre by members of Theatre Intime and the McCarter Theatre Company.

The purpose of the plays, aside from entertainment, is to provide a showcase of theatrical activity on campus.

George Blanchard, '64, will direct members of Intime in the Shaw farce. Rod McManigal, associate producer at McCarter, will direct the second play, John Drinkwater's "X = O." Described as an eloquent anti-war play, "X = O" deals with the abrupt and senseless encounters of the battlefield and enters a plea for the preservation of those values which are lost in a war.

W. B. Yeats' rarely-performed verse play, "Calvary," a one-acter for dancers, actors and musicians, will be directed by Brooks Jones, McCarter producer, who has obtained for the production the dancing and acting services of Gus Solomons, Jr. Mr. Solomons danced leading roles with the Donald McKayle Dance Company, acted with Group 20 and will perform at Jacobs Pillow this summer.

Music for the production will be composed by Conrad Susa, musical director for APA in its spring repertory season in New York, and one of the

music directors at the Stratford (Conn.) Shakespeare Theatre.

Tucky Ramus of Princeton will be the soprano soloist for the songs which Mr Susa has set to Yeats' verse.

Tickets for both evenings are on sale for $2 at the University Store, or can be reserved by calling WA 1-8700 between 2 and 4 weekdays.

PENNINGTON ON STAGE

"Majority Of One." The comedy hit, "Majority Of One," about a New York widow's adventures in Japan, will be given by the Pennington Players this Friday and Saturday and next Friday and Saturday at the Playbarn on West Franklin Avenue.

David Burroughs, John Todd, Mrs R. E. Grover, Mrs. Kenneth Knapp and Mrs. C. S. Papier will play the leading roles.

Tickets may be obtained by calling PEnnington 7-0718 after 7 p.m., weekdays, or making reservations with any member of the club.

THE PLAYHOUSE

Sweet Bird of Youth (May 16-22) includes no less than four of the original stage performers of this angry, sordid, bitter play by Tennessee Williams. Paul Newman throws into his portrayal of the young man in search of the easy "big chance" all the intensity which made his stage appearance so noteworthy. Geraldine Page matches him in brilliance in her role as the washed-out Hollywood star.

Also from the Broadway show are Rip Torn, as the vicious son of the state's political boss, and Madeleine Sherwood, as the abused mistress of the boss. Ed Begley, as Boss Finley, turns in a powerful characterization of an unscrupulous man.

The basic thread of the plot revolves about Miss Page and her affair with Newman. The latter is torn between his love for Boss Finley's daughter, played by Shirley Knight, and the frightened bewildered star, who has sought release from her bitter reality in the bottle and the dope-laden cigarette ("not the regular kind, that only give you cancer.") Comment strong and unrelenting drama.

"MAJORITY OF ONE": That's the final tally for the comedy hit to be given this weekend and next by members of the Pennington Players. Mrs. R. E. Grover, left, appears in this scene with Mrs. C. S. Papier.

Walk on the Wild Side (May 23-29). Lawrence Harvey stars in this tale of star boarders at a New Orleans bordello. Jane Fonda plays Kitty Twist, an imprudent, amoral and completely abandoned baggage. Capucine, heretofore seen only in more palid roles, will long be remembered as the sensitive, complex sculptress and poetess who was frustrated in an early and normal love for Harvey. She becomes the star attraction of the bordello and the particular love of its madam, Barbara Stanwyck. Sally Miss Stanwyck has a crippled, legless husband.

To go on, and to change pace, there is also Anne Baxter who plays the only completely normal woman in the story, the Mexican widow who gives aid and comfort to Harvey. The latter emerges as a plastic and perceptive actor in the role of Dink Linkhorn, a lower of strength who tries to rescue Capucine, his lost love, from degradation. Comment explosively frank.

THE GARDEN

Viridiana (May 16-22) is preceded by a short film, "Water's Edge," for which Princeton's Frank Lewin composed the music. Filmed in Switzerland and Maine by Ernst Wildi, it has won many awards in Europe. Lewin's original music, although it uses in some cases European folksongs, is almost a tone poem and adds immeasurably to the beauty and mystery caught by the camera.

The main feature, Viridiana, is a shocking and disturbing story of the corruption of a young woman who has planned to become a nun. Written and directed by Luis Bunuel, the film won the Grand Prix at the 1961 Cannes Festival. The cast includes Fernando Rey, Silvia Pinal, Francisco Rabel and Margarita Lozano, all of whom are uniformly good.

The plot concerns an old Spanish "hidalgo", Fernando Rey, who has lived in solitude since the death of his bride on the evening of their wedding many years ago. When he learns that his niece, Silvia Pinal, is about to take her final vows, he prevails upon her to visit him to say goodbye. Her resemblance to his dead wife irresistably attracts him. He tries to drug her coffee and possess her, then hangs

IT'S NEW *To Us*

TO BE, OR NOT TO BE

At Home, That Is. We were trying to decide the other day whether it would be more fun to live the decadent life here in Princeton this summer or to take off for the poppy fields on the other side of the horizon, and although we still haven't decided, we had a lot of fun doing the research.

On the side of home is a Sylvan swimming pool. You buy one by calling WA 1-6166 and going on from there, or you can stop at the store-office in the Princeton Shopping Center, buy the pool and take it home with you in a waterproof paper bag.

If you already have a pool, or if you are going to be around water on your vacation, you will want to look at the pool accessories available at Sylvan's outlet (should we say "drain"?) in the Shopping Center.

Styrofoam plastic makes a light-hearted, light-weight collection of water toys, designed in a care-free mosaic pattern with bits of blue and red, like confetti, embedded in the white styrofoam.

Besides the usual life-savers, you'll find a Tip-A-Tub ($4.50) which looks like a mixing bowl, and a Bowl-of-Fun which is the same thing only bigger (about a yard across). You sit inside and bob around on the waves.

A seahorse with red eyes (you know the kind of life those guys lead) has red wooden handles sticking out of his head (see what we mean?) for you to grasp as you sit in the bowl-like tail.

There's a figure eight, too, which is really two life-savers joined together, and a cake of Ivory soap two feet long and sturdy enough to hold 250 pounds while it floats (no suds) and a surfboard five feet long called a Z-Horse, for $7.95.

We found a trio of pool-side cabanas, starting with a small one like a little tent (40 inches high, $19.95) and ranging up to a two-section stall with aluminimum supports, windows with shades and vents, and carry-all bags for $79.95. The little one has a window, vents and shade, too. These are red or aqua and white striped plastic and you make them complete by adding a black footbath for inside for $16.95—it's made to fit.

I Think I Know . . .

Stopping for a pleasing little tempera at the Little Gallery the other day, we were struck by the haunting familiarity of the country-store scene before us.

Lots of artists paint country-store fronts — it's almost a genre of its own— but something about this particular country store held the eye.

After a minute, we realized why. It's a straight on view of the Mary Watts store on Route 206, done in tempera by Margaret Froschauer, who teaches first grade at Nassau Street school. She left out the gas pumps (artistic license), but otherwise, she caught it all. A gay and pleasant little picture for some Princeton household to own.

Princeton pool owners will want to inquire about Sylvan's fencing. There is a choice among basketweave, stockade or rail fencing which can be filled in with light wire, and all are on display in the Shopping Center store (on the west mall).

Naturally, there are all kinds of pool chemicals, paints, diving boards, ladders, underwater lights, pool covers, surface skimmers, pool thermometer and replacement parts, in case you have a guest who walked off with the ladder.

MEANWHILE, UP ON DECK

Hong Kong Ahead. They're offering luxury trans-Pacific cruises to the Far East at Kuller Travel these days, and how can anybody say "no" to that?

The ship to go on is the American President Lines' S.S. President Roosevelt, which has just been through a $10 million refurbishing job, and is now shuttling back and forth between San Francisco and the far Pacific. Ports of call are Honolulu, Yokohama, Hong Kong, Manila and Kobe, the full cruise taking up six weeks.

The next sailing from San Francisco is June 26, so you'd better get on the phone—WA 4-2550—and see whether Kuller can put you up.

You can arrange your cruise in many combinations of layovers, by the way, even combining it with air travel, if you wish. And you can "Sail now, pay later" if you'd rather do it that way.

The President Roosevelt (to lure partisans from each side, the line does not say whether it's the Theodore or the FDR.) is 622 feet long with room for 450 guests. There is air-conditioning throughout, such felicities as lanai suites, swimming pool, and teen-age lounge with jukebox, soda fountain and dance floor. A baby-sitting service takes care of younger customers.

Kuller Travel sells all this up for you without an extra fee, as you know. Complete itineraries and accommodations can be discussed at the agency office, 108 Nassau.

UNDER A HUNDRED

Prints to Buy. On the other hand, you could spend the summer contemplating art and buying prints and paintings so that the artist will have enough money to buy a swimming pool or to go on a cruise.

We start with the Little Gallery's show of monotypes by Matt Phillips, which starts at the Palmer Square gallery this Thursday. Monotypes are prints made by pressing paper against glass or metal which has the painting on it in oil. You get, in this way, an oil which is smoother than the textured surface of the usual oil on canvas, and you get an

MUSIC *In Princeton*

HILBISH NAMED

To University Post. Thomas Hilbish, director of vocal music for the Borough Schools and director of the Princeton High School Choir, will be acting conductor of the University Glee Club for the coming academic year.

He will serve while the regular conductor, Walter Nollner, spends a year in Europe as the first part of a three-year appointment as Bicentennial Preceptor.

Mr. Hilbish has been with the Borough Schools for 14 years and has been active in musical affairs in the community for most of that time. He is conductor of the Princeton Chamber Singers, a new group which recently made its New York debut; an associate professor of conducting at Westminster Choir College and minister of music at the Princeton Methodist Church.

He will continue to discharge his present responsibilities while he conducts the University Glee Club. A graduate of the University of Miami (Florida), Mr. Hilbish received his M.A. from Westminster and continued his graduate studies at the University of Indiana and at Rutgers.

TO GIVE ORGAN RECITAL

At Choir College. Lewis Bruun will give a public organ recital at 8 p.m. Tuesday in the chapel of Westminster Choir College. His program will include selections from "Clavierubung, Part III" by Bach; "Variations sur un Noel," by Dupre; "American Suite for Organ," by Langlais, and Partita on "Christ is erstenden," by Purvis.

Mr. Bruun, instructor in organ and piano at Westminster, studied at the Peabody Conservatory in Baltimore and at Westminster, from which he received his bachelor of music and master of music degrees. He has studied with Paul Callaway, Richard Purvis and Alexander McCurdy.

CHOIR TO SING BRAHMS

At Convention. Three sections from Brahms' "Requiem" will be sung by the Symphonic Choir of Westminster Choir College next Sunday, May 23, at the American Baptist Convention in Philadelphia. Soloists will be Martha Morris and James McKeever of the Westminster faculty.

Warren Martin, musical director, will conduct the three sections, "How Lovely Is The Dwelling Place," "Ye Now Are Sorrowful" and "Here On Earth We Have No Continuing Place." James Waters, pianist, and Dr. Alexander McCurdy, organist, will accompany. Dr. Lee H. Bristol, Jr., president of the College, will introduce the choir.

SESSIONS COMMISSIONED

By New Jersey. Roger Sessions, professor of music at Princeton, has been commissioned by the New Jersey Tercentenary Commission to prepare a symphonic work honoring the state's 300th anniversary.

Mr. Sessions is said to be considering a major work of symphonic character in fulfillment of his commission. In addition, Ulysses Kay of Englewood has been commissioned to write a choral work honoring the tercentenary and will probably use a verse text by a New Jersey poet for his composition.

The announcements were made this week by the New Jersey Symphony and by the Tercentenary Commission who will be co-sponsors of the commissions.

MUSIC CLUB TO MEET

In Cranbury. The Princeton Music Club will meet at 7:45 next Wednesday at the home of Mr. and Mrs. Donald Armstrong 12-A Station Road, Cranbury.

A business meeting will precede the regular session. Performers for the evening will be Ruth Bent, Elizabeth Davis, George Jones, Arlene Jones and the Seminary Octet.

RECITALS LISTED

For John Ellis' Pupils. Two more recitals will be given this month by students of John Ellis. Elementary piano pupils who held a recital on Monday were David Billington, Elizabeth Billington, Meg Brinster, Tom Deering, Bill Liederman, David Oberman and Christopher Schmitt.

On Sunday, a recital will be given at the Ellis residence, Province Line Road, by John Raichman, Harry Stokes, Peter Lief, Michael Uchtmann and Eldridge Moores.

A studio recital at 1446 Witherspoon Street will be held the following Sunday by Carolyn Cohen, Martha Gottlieb, Mary Eells, Carol Horowitz, Karen Kruskal, Susan Parnes, Mary Hobler and Christine O'Connor.

Questions Posed.

To the Editor of Town Topics:

I have read with alarm Mr. William Marvel's letter in your pages last week, suggesting a separate High School for the Township at some future date. Mr. Marvel writes as a Township resident, but some Borough people have also been saying lately that it might be better, after all, to "let the Township go."

This discussion may be useful if it clarifies the issues, but if acted upon it would be a calamity to the Borough.

As a Borough resident, I urge the people of the Borough to seek the answers to a number of questions.

How large is the outstanding bonded debt on the High School addition of 1955, and how many years does it have to run? What proportion of this debt service is now, in effect, paid by the sending districts? If the Township withdrew after 1965, what would be the effect on the Borough taxpayer?

What would the Borough, which now has 330 High School pupils, do with a building built for 1,500? The Borough has about 67 seniors in the present graduating class. The Township has about twice as many, with a higher proportion in the college preparatory program.

How could the Borough alone operate a good modern High School, classify its pupils by aptitude, or have courses in advanced mathematics, or Russian, or indeed any good fourth-year course at all? Is it enough to say, as was said by a Board member last January, that "other sending districts" would be found? Where?

By 1970 the Township may have a thousand High School pupils. If so, under the present system, it would then be paying well over $600,000 to the Borough in tuitions. What if it then concluded that, for this annual outlay, it could build and run its own High School?

It is the Borough that is dependent un the Township, not vice versa, for the operation of a good high school. Io its own interest, the Borough should join with the Township in a unified school district, especially if, as seems likely, it can do so without raising the Borough School tax.

Like it or not, we in the Borough are wedded to the Township. In a good marriage the partners should treat each other as equals.

himself as the horrified girl hurries to the convent. When police inform her of his suicide, she decides to stay at the farm to expiate by charitable works her part in the event.

The harrowing consequences, involving Rey's illegitimate son, Francisco Rabel; his mistress, the housekeeper and hordes of cripples and beggars (a absorbiog as well as repelling. Comment: not recommended for immature adults.

Hidden Fortress (May 23-29) is a comparat'vely unknown Japanese film, directed by Akira Kurosawa of "Rasho-Mon" and "The Magnificent Seven." Set in 18th century Japan, against a background of rampaging war lords and battle for imperial power, it is the story of two runaway soldiers who discover a handful of gold coins. Before they can search for the rest of the treasure, they are pressed into service by a mysterious samurai and his lady. The ensuing adventures are packed with suspense. Kurosawa has used the camera extremely skillfully, heightening the excitement of what might be just another thriller. Comment: Japanese western.

original-one-and-only because the artist only pulls one print. Mr. Philips' still-life interior scenes and his landscapes will be about $40, framed.

Continuing its policy of rental-purchase of prints under $100, the Gallery offers several originals in varying styles and subjects. A small, brightly colored fruit-wood, for example, or the black-stroked "Venice" of Buffet, or the colored lithograph, signed and numbered, of a mythological figure by Hans Erni. (The framing on this one is particularly fine, consisting of a soft green mat with antique gold frame).

Another, quite different in feeling, is an abstract combining blacks and blues in a silver and driftwood frame (Howard Bradford is the artist) and there is a scene of the American southwest, with dun colored hills and turquoise sky, and a geometric grouping of blocks which turns out to be an Indian pueblo.

In the Gallery's collection of Princeton artists, you will find considerable appeal in Margaret Froschauer's pen and ink drawing of an attic, done with indescribably fine detail to show each web spun by a spider and each pull of grain on a bureau drawer. Her pen and ink of two Halloween trick-or-treaters approaching an overpowering Gothic house is equally appealing.

Libby Maniotes shows two large abstracts and a "Farm House" in the blazing sun. Carol Stoddard contributes the steed called "Magog" and a charming English wood-hen and Freda Milner of the Gallery, offers a large (3 x 8) abstract landscape.

E. BAHADURIAN & SON's
SEVEN STEPS TO EXPERT
RUG CLEANING
Cantrary to popular belief, rug cleaning is not a simple do-it-yourself process. Rugs can represent a substantial amount of your home furnishings' investment. Careful home care, proper handling, expert cleaning and repairing give added dividends in longer wear as well as greater beauty.
This is how our rug cleaning experts — with over 30 years experience in this field — handle your investment.
1. When your call is received, a pick-up of your rug is scheduled at your convenience. (Up to four men are available, and one of two trucks or station wagon will call for it, depending upon the rug's size.)
2. All men are trained to roll rugs and move furniture when necessary. Respect and care for your personal belongings are uppermost in their minds. (We have complete insurance coverage in case of damage or breakage.) At the time of pick-up, you receive a numbered receipt for all rugs, and each rug is tagged with your name, number and list of services required.
3. Upon entering our own plant (your visit is welcome at any time), your rug is measured, dusted, spot-cleaned, and then completely cleaned as soon as possible. The type of cleaning it receives depends on the kind of rug. There are approximately seven different processes we can employ. Whether your rug is a fine, delicate tapestry or a cotton bath mat, each gets its correct process.
4. Drying is just as important as washing. We have a large dry-room where rugs can be hung full-length or laid flat, with automatic heat control and proper air circulation, or for sunshine drying, large lawn areas are available.
5. After drying, rugs are inspected before they are rolled, wrapped, packed or placed in storage. If additional attention is required, your rug can be re-washed, or spotted to assure the best possible results.
6. While awaiting delivery, rugs are kept in storage tubes. These tubes keep them free from dust and not in contact with other rugs — thus preventing crushing.
7. Your rug is delivered to you at your convenience. Rugs and pads are expertly laid if requested. Pads are trimmed where necessary.

There is a nominal charge for laying rugs. This is not included in the cleaning price because most rugs are not laid by our men. This charge is made separately because a hidden charge would not be fair or ethical.

RESIDENTS LINE UP

Membership Drive Set. The civic group, Residents of Princeton, held an organizational meeting Tuesday evening at the home of Mrs. David V. Erdman, 8 Madison Street.

Representatives of approximately 15 Princeton districts attended to discuss standards of membership, a membership drive and fund raising. The organization seeks to protect neighborhoods against unwanted change, and to keep residents informed of contemplated developments within their areas.

IT'S IN THE BAG

Mailmen to Meet. Members of the New Jersey Rural Letter Carriers Association and their Ladies Auxiliary will hold their annual convention at the Nassau Inn Sunday.

Clifford W. Perrine, carrier on R.D. 3, Princeton, and president of the Association, will be convention chairman and Edward Lemore and John Burke, also Princeton carriers, will serve on the convention committee. Postmaster Charles F. Murray, R. Kenneth Fairman, Mayor of Princeton Township and post office officials from Washington, Philadelphia and Flemington will be guests.

A BOOK IS A PRIZE: "The Big Book of Animal Stories" was the prize won by the third grade of the Benjamin Franklin Grammar School, Lawrence Township, in the Book Fair exhibit sponsored by the school and the Princeton University Store. Each class planned and assembled exhibits of posters and shadow boxes to display the various children's books, and prizes were awarded for the best group effort in making the exhibits. Miss Helen Hoadley (left) of the University Store children's book department, presents the prize to Anthony Russo while Karen Tash approves.

SCOUTS CAMP OUT

Cook, Work, Play. Over 100 Intermediate Girl Scouts camped out last weekend at Camp Tamarack, cooking from their own menus, gathering wood and building their own fires and lashing together the logs required to make tables.

During a wild flower walk led by Mrs. Alan Carrick, Scouts identified more than 20 varieties in bloom. At other times during the weekend, Scouts laid out a scavenger hunt and a treasure hunt, one with nature clues and one with Morse code clues.

On Saturday night, Betsy Quarles and Ellyn Frank, senior Scout aides, conducted a campfire program and presented the skits given by each troop. Mrs. William H. Cherry, Girl Scout president, and Mrs. J. A. Buckland, director of the Princeton Girl Scout Day Camp, inspected the campsites and presented awards at the Saturday night campfire.

IRVING ROES HONORED

By Gift to Day Schools. The memory of Mr. and Mrs. Irving Roe was honored this week with a gift of $13,500 to the Princeton Day Schools. It was received from their son and daughter-in-law, Dr. and Mrs. Albert S. Roe of Ithaca, N. Y., where he is head of the Fine Arts Department of Cornell University.

Mr. and Mrs. Roe were closely associated with Princeton Country Day School from its founding in 1924. He served as a charter trustee, as its secretary-treasurer for many years and later as an honorary trustee. He played a leading part in planning the school's first headquarters at 10 Bayard Lane, when it was the Princeton Junior School for Boys, and later in the construction of the present building on Broadmead.

Dr Roe, who attended Miss Fine's School before graduating from Princeton Country Day in 1929, wrote this week, "My wife, Daphne, and I feel there could be no more fitting memorial to my parents than this commemoration of them in the new building which will house the Princeton Country Day School." The gift will pay for a classroom in the new building.

To date, the PDS Development Fund is about 95% completed, with $1,106,391 in hand against a goal of $3 million. In addition to the Roe gift, Malcolm Muir, Jr., campaign chairman, reported that another classroom has just been promised, and that smaller gifts during a period of one week amounted to $2,119.

FINED FOR SPEEDING

In Borough Court. Judson Carter, 52, 151 John Street, and Richard C. Logan, 18, 5 Union Street, Kingston, were fined Monday for speeding by Borough Magistrate Theodore T. Tams, Jr. Mr. Carter was fined $24 and Mr. Logan, $25.

In other cases, Mrs. Ann G. Magee, 33, 51 Mason Drive, was fined $10, stop sign; Betty J. Evans, 34, Savage Road, Kendall Park, $15, late inspection; and George M Cohen, 30, Skillman, $10, riding on part of motor vehicle not intended for passengers. All pleaded guilty.

John Horn, 52, no address, was sentenced to 60 days in the Mercer County Workhouse for trying to obtain money under false pretenses. He was charged with falsifying his name on two checks totaling $12.79 and attempting to cash them Monday at the Princeton Bank and Trust Company. Horn later surrendered himself to the police.

DISAGREE ON R/X FOR MEDICAL BOYCOTTITIS: Mehmet Sherif (left) and Jack Tower disagree on what action should be taken against the group of doctors that has threatened to boycott the medical-care-for-the-aged plan proposed by the Kennedy administration. (Staff Photo)

Question of the Week

Question: What action, if any, do you think should be taken against the New Jersey doctors who said they will refuse to treat elderly patients who would want their hospital bills paid under the Kennedy administration's proposed medical-care-for-the-aged plan? (The doctors—some 250 of them—say the measure would be a "foot-in-the-door" toward socialized medicine and is not needed.)

Where asked: Around town.

Mrs. Gerald J. Skibbins, 202 Varsity Avenue, Penns Neck, housewife: I think they should be given a medal because, I, too, believe this is a step toward socialized medicine. I feel it is every man's responsibility to provide for his own welfare and there is always plenty of assistance available through private and local agencies. Also, I think that doctors often treat patients who they feel can't afford to pay for less than it costs to treat them and I think it is very unjust not to give the doctors credit for this.

John Ahearne, 27 Pelham Road, graduate student, physics: My opinion is that I don't believe they are accurately judging the attitude of the nation if they are trying to say they are against the Medicare bill because they expect the nation to back them up. On the other hand, as individual citizens of the U. S., they have the complete right to do as they wish in this matter, although it is my layman's opinion that what they are doing is against their Hippocratic oath. It's a little confusing to me why the doctors are against federal aid to patients but not against federal aid to their hospitals and for their medical research.

Mrs. William Lawder, 44 Knoll Drive, housewife: I don't feel any action need be taken against the doctors because I feel they will straighten themselves out and will eventually do what they should do. I trust the doctors. I feel they will cooperate if the bill is passed into law.

Mrs. Alfred DeGrazio, 306 Nassau Street, housewife: I feel the doctors are within their rights — I think a doctor is entitled to refuse treatment if he so desires. If his refusal were against what I would call "natural laws," such as refusing to treat a Negro because of his race, then it is conceivable punitive action should be taken. But I don't think the government should set itself up as the protector of the aged I feel families should help care for the aged and if there is no family, there are religious groups, labor unions and a variety of organizations that can step in and help. The government should be the last resort.

Allyn Joyce, Middlebush, financial analyst for Management Planning, Inc., 192 Nassau Street: None. I would say they are within their rights. I feel they can exclude themselves from this plan if they choose to do so. I would say, contrary to the impression given by the press, the doctors are not refusing to treat aged patients; they object simply to the mode of payment.

Mrs. Hans Kaal, Lakeside Apartments, housewife: Socialized medicine in England has proved to be very good for the public. I feel if the government passes this medical plan for the aged, it should be followed by the doctors and they should be forced to comply with it.

John H. Ward, 30 Russell Road, retired businessman: I feel the doctors should leave it up to the government to decide. That's what we elect congressmen for.

Miss Hilda Skidmore, 35 William Street, waitress: I don't agree with the doctors. I don't see why the aged shouldn't receive this assistance. What should be done to doctors who boycott the plan. I leave up to the government, but something should be done.

Frank Lane, Kendall Park, systems analyst: I think the legislative action proposed by the New Jersey Legislature is the right action to take. I don't think the doctors have any right to do this. I feel they are at least bending their Hippocratic oath by this action of theirs.

Mehmet A. Sherif, 217-B Marshall Street, graduate student, engineering: I agree with some of the officials who say their licenses should be revoked because this is a country of law. We are not in the jungle any more. If everyone would do just what he wants to do, there would be no order. I feel the doctors are wrong in this.

John Tower, Lockhart Hall, University junior: I agree with the doctors. I feel it is a step toward socialized medicine which is one of the measures Kennedy has been boosting ever since becoming President. I feel doctors should have the right to decide what patients they will care for and not just those the government says they will care for.

Thomas Michalski, 36 Bank Street, city planner: Actually, as far as those who say they will refuse elderly patients, practically speaking, a doctor can treat anyone he chooses to. I feel the so-called social medicine in Great Britain has been misinterpreted by the medical profession in this country. In fact, the way the program works over there, as I understand it, one can choose one's physician and the physicians themselves can carry on a strictly private clintele if they so choose. Moreover, the medical profession as a whole has benefitted by federal grants for hospitals and research of all kinds, and it is impossible in this age to particularize where the monies come from. I think the issue is not too much government but better goverament.

NEW COURSES OFFERED By Princeton Summer School. Three new non-credit courses in mathematics and chemistry will be introduced this year by the Princeton Summer School.

They are Intermediate Mathematics, Modern Algebra and Organic Chemistry. Intermediate Math is designed to give students an opportunity to strengthen their background in preparation for advanced courses or entrance to college; Modern Algebra will consider other topics not normally found in high school curricula with special emphasis on vectors. An honors course in Organic Chemistry will be offered to those that have completed a year of general chemistry.

The dates of the 15th consecutive Summer School, run for the convenience of the students of Princeton and the surrounding area, have been set from June 25 to August 3. Registration will take place in Princeton High School June 18 to 22, according to Harry W. Zoll, director of the program.

All classes will meet Monday through Friday at the high school between 8 a.m. and 12.40 p.m. In addition to regular high school courses the summer school will offer classes in arithmetic, English and reading to boys and girls of grade five through eight. A non-credit course will be open to everyone wishing to learn how to type, using the touch system.

The opportunity to make up credits in subjects that have been failed in high school or in which minimum marks required for advanced work have not been reached will be offered to all applicants.

Members of the summer school faculty include: Joseph V. Drulis, business education; Morrill Shepard, Gerald Gronger, mathematics; Frank Soda, foreign languages; Joseph Pierson, social studies; H. Lee McConahy, English; Frank Clark, Latin; Carl Zapf, sciences; and Mrs. Margaret Lutz, Mrs. Viola Connerty, elementary program.

THEY WANT FRESH AIR Visitors to Come. Needy boys and girls from the hot pavements of the big cities will have a chance to live the grassroots life this summer in Princeton under the joint auspices of the New York Herald Tribune Fresh Air Fund and a committee of Princeton area residents.

Families who would like to take in a Fresh Air child may obtain information from Mrs. John Lasley, WA 4-5137, or Mrs. Benjamin F. McMahon, TW 6-0962.

At present, plans call for two "waves" of children, one to arrive in Princeton on June 28 and a second on July 12, each for a two-week visit. All children have been screened by accredited social service agencies. All host families must meet certain qualifications, the chief one being the presence of both a mother and a father.

Host families may specify the age, sex, religion and national origin of the child.

38 COMPLETE COURSE In Seamanship. Certificates of Award will be presented to 38 men and women who have completed a ten-week course in seamanship and small boat handling at a dinner and presentation ceremony to be held next Wednesday evening at Lahiere's Restaurant. The public instruction course was sponsored by the Princeton YMCA and the United States Coast Guard Auxiliary and held at Dorothea House.

The guest speaker will be William Zimmerman, training officer of Division 4. The instructors, all members of Princeton Flotilla 47, one of seven flotillas in the Division, include Nelson Thompson, Frederiek Siebelts, Dr. Edwin Rogers, Elizabeth Durko, Gerald D'Ilondt, Harry Cooke, Edward Schneider, Charless Tessein and Mollie G. Airey, the Flotilla Commander.

PARENTS TO LEARN About Handicapped Classes. REACTIVATED: "The oldest machine the Borough owns that still runs" is the way Borough mechanic George Clausen describes this ancient steam roller, resting near the Borough garage on Harrison Street. Mr. Clausen reported that he had gotten the retired behemoth operating again on orders from the Borough which is considering using it again on street repairs. If this fails, he said the Borough plans to remove the machine to one of the Borough playgrounds and let the children scramble on it. The ancient roller first came to Princeton in 1923, according to Mr. Clausen, and has been out of action since 1957. (Staff Photo)

Why should the government withhold interest on this boy's savings account?

Proposed law creates a needless nightmare of red-tape

EVERYONE WHO HAS A SAVINGS ACCOUNT or owns U.S. Savings Bonds can save himself a lot of paperwork and red tape by asking his senators to vote against the withholding of taxes on interest and dividends.

If passed, 20% of all your interest and dividends will be deducted . . . withheld . . . from you and applied, in advance, against your income taxes. If, months later, it turns out you do not actually owe any or all of this withheld tax, you must file a complicated tax form to get your money returned to you . . . and then wait for the refund to be processed by the government and paid.

This method of collecting taxes is costly to you as an individual and as a taxpayer. It will be very expensive to the government. It is an unnecessary chore for you and is expected to result in countless taxpayers sacrificing money that belongs to them to a new system of red tape and paper work. In fact, under this law the individual is not notified that any amount is withheld from his interest or dividends.

Additionally, this law would impose a great strain on funds invested by churches, charitable foundations, schools and universities.

This bill has already squeezed through the House of Representatives. The Senate will vote in the next few days. Only your protest can stop this burdensome system from becoming law.

GALLUP GOES ABROAD

In International Opinion. A new marketing service, International Opinion Trends, has been formed at The Gallup Organization, Inc. to complement the National Opinion Trends service which Gallup has offered for the past 25 years.

International Trends will survey national samples in each of 13 countries on regular schedules throughout the year, serving manufacturers, advertising agencies, media, public relations firms and others who require marketing and attitude surveys.

The countries that will be covered at present are the United Kingdom and Ireland, France, West Germany, Netherlands, Belgium, Switzerland, Italy, Denmark, Norway, Greece (Athens only), Uruguay and India. Plans are being made to extend coverage to all 36 markets served by Gallup-International.

Inquiries about cost, time schedules and samples may be directed to International Opinion Trends Division, The Gallup Organization, Inc., 53 Bank Street.

HOME BUREAU FORMED

For "Advanced Housing." At dedication ceremonies Monday, the new Bureau for Advanced Housing opened its 20,000 square foot Colonial-style office building on Route 206 in Montgomery Township.

The Bureau has been formed to produce and sell better homes at lower cost by means of new methods in financing, construction and marketing, backed by leading manufacturers of building materials, appliances and household equipment, such as Westinghouse, Briggs, Allied Chemical and the founding sponsor of the Bureau, National Gypsum.

Through volume buying of building materials, the purchase of "packages" of kitchens, wallpapers and paints, lighting, furniture, carpeting and drapery, and through the reduction of on-site costs by more economical distribution, handling and selling procedures, the Bureau hopes to provide better homes for less money with a sacrifice of profits.

One outstanding feature of the Bureau's program is full financing of homes, from $10,000 to $35,000. Under arrangements the Bureau has made with three groups representing large lending institutions, a builder will be able, in most cases, to offer a customer a home with no down payment.

Qualified custom-builders throughout the country—about 500—will build, equip and display model homes to illustrate the ways in which Bureau designs can contribute to modern living.

The Armour Research Foundation of the Illinois Institute of Technology will develop new housing materials, building techniques and products under Bureau sponsorship. An architectural advisory board will supervise improvements in home design in traditional, Colonial and contemporary styles and a builders advisory board will name the Bureau-builders in each locality to construct "The Advanced Home of the Year" in each of several price categories.

S. J. Schwinn, marketing economist and consultant to industry and business, is chairman of the Bureau.

Too old to buy insurance?
Being over 65 is no barrier to the purchase of new life insurance. And for many people in their sixties or seventies it can be a very wise "buy."
Here's an example. A man age 75, has a substantial number of investments. At death, estate taxes will have to be paid. To raise the cash, income-producing assets have to be sold, often with severe losses to the beneficiaries. Life insurance can prevent this loss by providing the necessary cash.
Manufacturers Life has a sound reputation for its liberal approach to insuring older people for the purpose of estate conservation or for guaranteeing the continuity of a business. Our representatives are qualified to provide competent counsel to help our senior citizens meet these special needs.

TIGERS IN CONTROL: Princeton dominated Saturday's key lacrosse game with Yale, holding the Elis in check while moving out to an 8-2 half-time lead and a 15-8 triumph. Here, orange-shirted Princetonian launches a renewed attack on Yale defenders.

SPORTS *In Princeton*

SEASON NEARS END

With Saturday's Action. The short spring sports season, which begins in the chill of early April and concludes about the time the weather nears perfection, will reach a virtual end on Saturday. The schedule will provide a final opportunity to watch Princeton's two top teams of the year in action.

One that ranks with the best in Princeton history in the sport—and the Tigers have had good tennis teams since the days of Davis Cup player Johnny Van Ryn in the late '20's—is John Conroy's current racquet squad. A good-sized crowd watched Saturday as Yale's well-regarded team was blanked, 9 to 0, the whitewash coming close on the heels of a similar victory over Harvard.

While only the first nine matches count in Eastern Association standings, a total of ten singles and five doubles contests were held. Indicative of Princeton superiority is the lone Tiger loss in compiling a 14-1 score: the tenth singles match.

Standout ability at the top (Captain Drayton Nabors and sophomore Herb Fitzgibbon) and extreme depth have given the Tigers a 9-0 mark so far, with Navy at Annapolis this Wednesday and Army here Saturday at 2:30 rounding out the schedule. Proof of the team's unusual depth: Tony Thompson, fourth on the ladder of last year's championship team, is eighth this season. Conroy ranks the 1962 Princetonians with the best of the teams he has coached here in two decades.

Upset Unlikely. It is possible that Cornell's lacrosse team could spoil Princeton's plans for winning a sixth straight Ivy championship, but such an upset is unlikely to occur. The Ithacans figure to be tougher than Yale, which they have beaten, but with the Tigers in sight of the title, defeat for Ferris Thomsen's well-balanced team would come as a major surprise. The final game of the season will be played at 2:30 on Finney Field.

Yale was off to a brief lead Saturday when a shot early in the first quarter found the mark, but the Elis were not in contention long. It was 3-1 for the Tigers by the end of the first period, 8-2 at the half and no contest thereafter.

Ernie Dreher, who accounted for only two goals in Ivy action last year, beat the Eli net-minder five times in Saturday's 15-8 triumph. In the Princeton goal, Webb Harrison had another good day, holding the Elis in check while his teammates drew steadily ahead.

For the Blue, it was another case of wait 'til next year. The outcome left the Elis with a record of having scored just one triumph over Princeton in lacrosse in the last three decades.

LOSING STREAK AT 5

For Tiger Ball Team. When a shaky pitching staff is required to overcome six errors a game, victory is unlikely. Small wonder, then, that the Princeton baseball team's current losing streak mounted to five last week as it strengthened its grip on ninth place in the Eastern League standings.

Sophomore Gerry Skey pitched well enough to beat Yale Saturday, despite allowing ten hits. Better support might have pulled him through; without it, the Tigers were trimmed, 5 to 4.

The Elis were away to a four-run lead but Princeton tied it up in the sixth, first baseman Don Fudge driving two mates home with a timely single. In the seventh, however, Eli shortstop Bill Polinsky chased the winning run across with a two-out, two-strike hit to left. In the eighth, plate umpire Len Toff chased Polinsky for too much sass from the bench.

Princeton got the tying run to second with two away in the ninuth. Pinch-hitter Jack Remley sliced a blow down the leftfield foul line, Yale captain Ruly Carpenter making a somersault catch on the dead run to end the game.

Earlier in the week, the Tigers lost an 8-6 decision to Penn at Philadelphia, again committing six errors. They are now 2-5 in the standings, ahead only of last-place Brown (0-7) and are 7-12 on the season. Harvard's strong team (7-1) is first and should stay there.

Army at West Point this Wednesday and Navy at 2:30 Saturday on Clarke Field wind up league action. Rider, Colgate, Lafayette and two more games with Yale will complete the schedule. With two regular pitchers, Teun Schoolwerth and Paul Lahti sidelined with sore arms, there is no telling when the losing streak will end.

CREW OFF THE PACE

By Eight Lengths. The combination of another fine Cornell crew and unusually rough Housatonic River water brought Princeton in eight lengths behind Saturday in the Carnegie Cup race at Derby, Conn. A headwind created problems for all three shells, causing them to row at low beats ranging from 28 to 31, but the Ithacans caught and passed Yale to remain the only unbeaten crew in the East.

Cornell won by two lengths, with Princeton six in back of the Blue. Coach Stork Sanford's "navy" virtually swept the river, only the second freshman race falling to Yale. The Tigers thus completed a decade without having won the Carnegie Cup.

Here on Carnegie, Harvard's lightweights won the Goldthwait Cup again, trimming Princeton by more than a length and Yale by better than three. The Crimson was timed in 6:42.5 for the mile and 5/16ths. Harvard won four of the day's five races, Princeton taking the third varsity event.

Saturday will see all Princeton crews competing in the

KEEP THURSDAYS OPEN

For Informal Softball. The Princeton YMCA has announced that softball play has begun for men in the area through the Y's Adult Program. The program meets Thursday evenings from 6 until dark at the Riverside School field.

Games will be conducted on an informal basis and will include practice and pick-up games. Registration is not necessary and participants need only appear at the field.

FIRST SINCE 1918?

Trackmen Seek Cornell Win. If Princeton's track team can blend its top performance with a bit of good fortune here and there, it may achieve its first victory over Cornell Saturday since 1948. The meet is scheduled for 2 o'clock in Palmer Stadium.

Ability to keep the Ithacans from scoring heavily in some of the field events in which the Tigers are weak will tell much of the story of the outcome. Three years ago, the Orange and Black held Cornell to a tie; otherwise, the story in the last 14 years has been one of successive defeats.

At Hanover last week, Princeton finished sixth in the Heptagonal Games with 20 points, which Yale won for the fourth straight year. The Elis totalled 53 1-10 points, with Army second and Harvard third. The Tigers' lone individual champion was John Hartnett who cleared 6-6 in the high jump.

GOLFERS SIXTH

In Defense of Crown. Princeton's golf team placed sixth last week at Ithaca in defending the Eastern Intercollegiate title it won a year ago at New Haven.

Yale's unbeaten golfers totalled 806 to win the team title; the Tigers compiled 838 strokes. Pres Seckel, no. 1 for Princeton, qualified for the individual crown but was eliminated in the first round.

KICKOFF HELD HERE

For Giants-Eagles Game. Beef was on the menu and beef was in attendance Monday when a "kickoff luncheon" for the New York Giants-Philadelphia Eagles pre-season football game in September was held at the Nassau Inn.

Among those present for the occasion, sponsored by the State Junior Chamber of Commerce and P Ballantine & Sons, were several star players of the two teams who will meet in Palmer Stadium on September 0. The Giants brought Alex Webster, Captain Sam Huff, Rosy Brown, Jim Katcavage, Tom Scott and Lee Grosscup — all of them over six feet and some of them closer to 250 than 200 pounds.

The Eagles produced only

The Indians Are It

The 1962 Ivy League football champion? Dartmouth. So say the sports publicity directors for the eight member colleges.

Holding their annual meeting in New York last week, they polled themselves and came up with the Indians as the answer giving Bob Blackman's Green-shirted entry 50 out of a possible 64 points, eight for first place, seven for second, etc.

If they are right, chances are the title will again be decided in Palmer Stadium when Dartmouth plays Princeton on November 24, for the Tigers are billed as runners-up with 56 points Harvard, 50; last year's co-champion with Columbia, is figured for third.

Cornell rounds out the first division with 41, followed by Yale, 37; Columbia, 27; Brown, 13; and Penn, 11. P.S., The coaches (who aren't supposed under NCAA regulations to dabble in polls) reportedly took one of their own and picked Princeton

quarterback Richie Lucas of their playing contingent, but Coach Nick Skorich commented, "We knew we'd be outnumbered, just the way we were when we played the Giants last fall, so we're going to wait until the game in Palmer Stadium to get even."

Most of the coaching staffs of both teams were on hand for the occasion, together with sportswriters and sportscasters from metropolitan areas and Princeton. The University was represented by vice-president Edgar M Gemmel, Assistant Director of Athletics M.S. McVay and Bill Stryker, Director of Sports Information.

About 70% of the proceeds of the game will go to charitable enterprises in the 200 New Jersey communities served by the Jaycees chapters. A sellout of the Stadium's 46,000-plus seats is anticipated for the occasion.

Public sale of tickets was started this week through an office opened here in the First National Bank Building. Priced at $7.50, $5.50 and $3.50, they may be obtained by calling WA 1-2077 or writing Jaycee Football Classic, 90 Nassau Street. Mail applications are to be accompanied by a 50-cent handling charge.

PHS TO MEET PRINCETON

In Dual Meet Finale. "All I can say is that we'll be there and we'll be in for a very rough afternoon. Trenton has an exceptionally good team this year."

If Princeton High School track coach Jerry Groninger was less than optimistic about his team's chances of upsetting Trenton High Friday, he had every reason to be. The Tornadoes have swept over all competition this season, with the exception of talent-laden New Brunswick, 96-21 conquerers of PHS earlier in the season. The Trenton contest will be the final dual meet of the season for the Little Tigers and will be held at Trenton starting at 3:30.

Last week the Blue and White performed creditably in two sectional meets, the Long Branch Relays Saturday, and the Mercer County Meet held Wednesday at Trenton. "For our team, we got all the mileage out of it we could expect," said Groninger.

In the quarter-mile relay, at Long Branch, the PHS entry finished second in a field of 11, two-tenths of a second behind Southside Newark. Tom Bogia, the Blue and White anchorman, brought the Little Tigers up to second from fourth and was helped along by a good pass from Don Zuber, according to Groninger. Running for Princeton were Art Brooks, Bruce Baxter, Zuber and Bogia.

Two other PHS entries, the medley relay and the shuttle relay teams, failed to score. The competition was extremely fast in the shuttle event as four teams broke the existing record of 64 seconds.

Eleven schools from the Delaware Valley, including Mount Holly and Delbhaas High School, participated in the Mercer County Meet. The host school, Trenton High, won. PHS scored 22½ points to finish fourth.

Bogia Ties Record. Princeton's fleet co-captain, Bogia, won the 220-yard event in the fine time of 21.8 to finish a good five yards in front of his newest pursuer. His mark tied the meet record, which has stood even since the Second World War. Tom also came in second in the 100 and might have captured that, too, according to Groninger, if he had had more time to recover his wind. Only one race separated the running of the 220 and the 100.

Other point-getters for PHS were Jack Kelley and Sam Spangenberg, who placed second and third, respectively, in the javelin and Roger Slayback, who tied for second in the high jump. Slayback failed to make 5'8", after having cleared 5'6".

HUN DEFEATED TWICE

For Fourth Straight Loss. After winning its first three games in impressive fashion against strong teams, the Hun baseball team has gone into a tailspin and lost its last four outings. Hun had expected to win those four games.

Hun's most recent pair of upsets, a 9-5 setback administered by Delbarton Saturday and a 3-1 defeat at the hands of Peddie last Wednesday, underline what has happened to the team and what is forcing Red and Black coach Sandy Bing to mutter, "This is getting to be ridiculous." The Hun nine has fallen apart defensively.

When icy storms and snow drifts hit New Jersey, homeowners with gas heat have little worry about comfort. With safe, dependable underground delivery directly to their furnace, there is never a fuel delivery problem — never a fuel shortage. And gas heat is so clean, the housework is lessened — there's never any soot or oily grime to dirty curtains, furniture and walls.

Another very important advantage is that Public Service gives, without charge, prompt efficient service on the gas burning parts and controls of gas heating equipment. Because gas equipment has fewer moving parts it lasts longer — costs less.

Do what so many Public Service customers are doing every year — *"Join the Swing to Gas Heat."*

Hun's play afield has degenerated from spotty, to serious, to, as Bing says, ridiculous. Of the 12 runs scored against the Johnny Huns in the last two games, every single one, according to Bing, was unearned. "So you score a few runs, but if you give the other team more runs than you score, you aren't going to win," said Bing. "And that's exactly what we've been doing."

The Delbarton game is a good illustration. The visiting Delbarton nine got two men on base in the first inning via a walk and an error and then both runners scored moments later on a throwing error. An error in a run-down play netted another run in the second inning.

Gary Grover dropped a routine fly in the seventh to help Delbarton load them up. Then, after the third out should have been recorded, Hun pitcher Smoky Black compounded Hun's troubles by walking home three runs. Alex Langel had three hits for Hun. Black, the losing pitcher, chipped in with two hits.

The only thing Hun did right against Peddie was co-captain Paul Savidge's home run which accounted for Hun's only run. Each team had five hits. Black was also charged with the loss in this game. He has won all three of Hun's victories.

20 Errors. Bing estimates, "very conservatively" that his players have committed a minimum of 20 errors in the last four games. "And this doesn't include the "errors of omission" which have hurt us just as much," added Bing. "All I know is that when we finally break out of this we are going to burst somebody. But we better do it soon as we are running out of games."

Despite the slump, Bing reported that the spirit and desire to win is still high among his players. "It's just a question of avoiding stupid mistakes and starting to play the ball I know we are capable of playing. I think we're going to win all of our remaining four games."

Huo will try to bear out Bing's optimism Friday when it plays host to Admiral Farragut starting at 3:30. Tuesday the Red and Black will have a second chance to prove the Delbarton victory was all a big mistake when the two teams play again at Delbarton.

PHS UPSETS EWING

But Loses To Catholic. The Princeton High School baseball team was on both the winning end and losing end of one-run decisions last week. The Little Tigers were edged by Trenton Catholic Friday, 7 to 6, after having upset a favored Ewing team on Tuesday, 4-3. Both games were played at Princeton.

The Little Tigers, still on the short side of victories with a 2-7 record, will try to inch up toward the .500 mark in return game with Hunterdon Central Friday and in their only meeting with South Brunswick on Tuesday. Both games will be played at PHS's Harris Field, starting at 3:30.

Coach Harry Zoll's players almost made it two in a row when they scored five runs in the last inning against visiting Catholic, only to fall one run short. Co-captain Dave Lansing's double and hits by Paul Walstad and Jimmy Case sparked the rally. Jim Quinn started for the losers and was relieved by Jack Rosso and Tom Stemmle, Rosso being charged with the loss.

TC scored three runs in the first inning and two more in the third. The Wave pushed across what was to be the winning run in the top of the seventh when sophomore pitcher Bill Suta walked with the bases loaded. Until the Ewing victory, Catholic had been the only team PHS had defeated this year.

The hitting of Ray Britton enabled the Blue and White to come from behind and edge Ewing for its second victory of the season. Britton singled home Greg Stett with the winning run. He was the first Little Tiger to face reliefer Bob Terlecki who had come on after singles by Stett and Jack Walstad had tied it up. The two runs came in the bottom of the sixth after Ewing had scored a pair of runs in the top of the inning to go ahead, 3-2. It was the eighth straight game in which Britton had hit safely.

The only other frame in which scoring took place was the third. The losers scored a lone tally on a fielder's choice, a single and an error. The Blue and White bounced back with a pair of runs on a big triple by Britton, sending home Stett and Walstad who had singled. In all, PHS rapped out 10 hits and Ewing six.

Baseball Tryouts Planned

Tryouts for 9-12 year old boys who wish to play baseball under supervision of the Patrolmen's Benevolent Association this spring will be held this weekend at Marquand Park. They will be conducted under the supervision of Jack Petrone and Harry Kahny.

Boys must be at least 9 before July 1 and not more than 12 before that date. They are expected to bring their own gloves.

The schedule: Saturday, 9 to 10:30, 9-year olds; 10:30 to noon, 10-year olds. Boys 11 and 12 should report at 11 a.m. Saturday.

Only six days before, the Blue Devils had defeated the Little Tigers, 5 to 2.

Dear TRAVELEX,

So many are heading off for Scandinavia, England, France, Italy and other interesting places we wonder if there will be anyone remaining in Princeton to read the papers. But if Town Topics has enough faith to keep publishing, we'll keep slugging away at it, too!

For those Princeton bound types who can't unshackle themselves from conscientious effort this summer there is no better time than RIGHT NOW to get some requests in for reservations this winter.

Cruises are going to be popular even though it looks like a record number of sailings will be listed. The Caribean was filled to its West Indian eyebrows this winter and will be again. Hawaii continues to promote tourism and SELLING does have its effect.

Come on Princeton—lets get crackin'!

Hustling, that's us.

Rabbi Gendler was rabbi of Congregation Beth Israel in Mexico City from 1957 to 1959 and last summer was assistant to Rabbi A. Lemle, serving a congregation in Rio de Janeiro. He has been engaged in adult education and youth leadership programs at synagogues throughout the metropolitan New York area. Rabbi Gendler, who is unmarried, will assume his duties August 1.

BISHOP TO DEDICATE

Provincialate On Sunday. The new chapel and Provincialate of the Marianite Sisters of Holy Cross at Our Lady of Princeton, will be dedicated at 3 on Sunday by Bishop George W. Ahr of Trenton.

The newly-completed structure at Drake's Corner at The Great Road contains a chapel which accommodates 500 worshipers, an east wing containing 42 rooms for Sisters and a west wing which houses administrative offices, a Seniorate and an infirmary.

Mary Mother Victor, Provincial, has announced that the Rev Thomas J. Frain, diocesan assistant superintendent of school, will deliver the dedication sermon. Others who will be present include Mother Mary Cajetan, Superior General of the Marianite Sisters whose motherhouse is in Le Mans, France; Mother Mary Hilary Provincial of the Louisiana Province of the Marianites; superiors of the community's hospitals in Canada, clerical leaders of the Trenton diocese and religious and lay friends from this area, New York and Connecticut.

The Marianite Sisters purchased the former estate, "Highland," in 1947, and the property now contains a novitiate building, community rooms, a small rest home in the original house, and a junior college for newly professed nuns which is accredited by Catholic University, Washington, D. C.

The order now teaches at Our Lady of Sorrows parochial school, Trenton, and will begin teaching in St Benedict's School, Hazlet, in September. The community also administers parochial schools and academies in New York and Connecticut.

MRS. WARGA IS MEDALIST

At Springdale. Mrs. James Warga shot an 84 for the low medal score last week as the annual spring tournament began for women members of the Springdale Golf Club.

Twl flights of 16 players each qualified. Second round matches are now being played.

ONE-HITTER WINS

Against PHS Ball Team. Limited to a lone single and guilty of four errors on defense, the Princeton High School baseball team went down to another defeat Tuesday on Harris Field at the hands of Steinert High. The visitors took home a 4-to-1 decision.

Greg Stett hurled well for the Little Tigers, holding Steinert to four hits but one was a homer. The losers were charged with four misplays during the contest, which saw the lone Princeton safety collected by second baseman Tom Volz. His second inning single drove in Jim Case to avert a shutout.

SOMERVILLE BEATS PHS

First Time Since 1948. Although the Princeton High School track team captured seven first places in 13 events on Monday, unbeaten Somerville High swept the quarter mile, the high and low hurdles, the pole vault and garnered seven more second place finishes to defeat the Little Tigers, 67 2/3 to 49 1/3. PHS coach Jerry Groninger commented it marked the first time that a Somerville track squad had beaten the Blue and White since 1948.

The seven first-place winners for PHS were co-captain Tom Bogia in the 100 and 220; co-captain Joe Cox, discus; Gary Mount, shot; Jack Kellum, javelin; John Bensinger, half-mile; and Art Brooks, broad jump. The defeat was Princeton High's fourth in six dual meets.

MIDGET LEAD TAKEN

By Giants, Tigers. The Giants, defending champions, and the Tigers each won a pair of games last week in the YMCA Midget League to remain undefeated and on top in their respective leagues. They are the only two teams yet to taste defeat after two weeks of play.

The Giants won their third and fourth outings by defeating the Braves, 12-5, and outlasting the Pirates, 16-13, in a free-swinging contest. Bob O'Connor drove in seven runs for the Giants in the Pirate encounter with a homer and triple, each time with the bases loaded. Bob Pazdan got credit for the win.

In the American League, the front-running Tigers recorded victories over the Red Sox and the Indians. The scores were 15-11 and 4-1. L. was their second and third triumphs. One of their games was rained out.

The only team pressing the current leaders, the Red Legs in the National League, stayed in contention by defeating the Cardinals, 7-1, and the Braves, 8-3. The double win upped their record to 3-1.

Exhibition games this week will be played on Thursday; there will be no regularly scheduled games on Friday. Thursday's action will pair the Yankees and the Cardinals at Valley Road, the Dodgers and the Orioles at Van Dyke Field and, in the big game the unbeatens will clash, the Tigers meeting the Giants at Marquand Field. All games will start at 6:15.

Mrs. Such-and-Such

Said It Cost Too Much

That's not her name, but she said it just the same. She doesn't know why, it seems silly to try it—city water's o.k., nothing extra to pay. So I guess in the end she's quite willing to spend for pipes that are rusted, a boiler encrusted, and tons more of soap than are needed to cope, but she doesn't begrudge it, it won't show in the budget. But you can get wise to the wherefores and why's, so as quick as you can, call the CULLIGAN MAN! It's WA 1-8800.
